

Monique Brantley

Monique Brantley is an entrepreneur, minister, wife, and mother, but above all things, she is a Woman of God. Born in Atlanta, Georgia, and raised in Detroit, Michigan, she has always been a nurturer; helping care for her three younger siblings. Throughout her childhood, she experienced trials and traumas that most adults have not.

Monique's family relocated to Tampa, Florida, where she graduated from A.P. Leto High School. During this time, she experienced the devastating loss of her mother. However, the storm in that season would build a bridge that would help her connect with countless women over time.

Ultimately, she moved to the Central Ohio area where she now resides with her family. Amid hard times, she discovered a passion for loving, teaching, and cultivating goodness in people. Consequent to being ushered into the presence of God and accepting Jesus into her heart, she realized that her desire to care for others is a gift meant for ministry bestowed on her by her Heavenly Father.

Monique married her husband, Norman Brantley, in 2001. Monique and Norman put God at the head of their lives as a couple. Learning and loving one another has given them the maturity, understanding, and wisdom to lead a couples ministry. Under the leadership of Pastor Les and Sheila Bowling, Monique and Norman Brantley lead Overcoming Together, a couples group that helps them lift and strengthen couples on their spiritual journeys. They have six beautiful children along with several foster, spiritual, and Godchildren. She does not take her role as a wife and mother lightly but more as an honor.

She is also the founder and owner of Dominion Early Childhood Education Center. Having owned daycares in the past, Monique's goal was to set apart from the typical childcare center.

The mission at Dominion ECEC is Unlocking the keys of life in every child." Monique believes that through purposeful play and hands-on teaching, each child can be taught using an individual-based curriculum. Likewise, she believes that children must have a strong foundation to become their best selves. This foundation starts with the family and in the home. Fostering Families is a concept turned vision that helps provide education, financial, health, and wellness tools that may not be readily available; supporting the family dynamic and creating a nourishing atmosphere.

Monique is a pioneer and ground shaker of sorts, the first to do what God has called her to do even if it has to be done alone. She thrives on seeing people through the eyes of God. While she has accomplished much, Monique is only just beginning. She is brave, strong, and emboldened because of who Christ is within her.
